

Pupil Premium Report

2018 – 2019

Report to cover the 18 -19 financial year.
Impact to cover the 17-18 financial year.

Pupil Premium

The Pupil Premium is central government funding paid to schools and is designed to support additional provision for students in receipt of Free School

Meals now or at any point in the last six years. It is part of a recognition nationally and internationally that economic disadvantage has a negative impact on student attainment. The Pupil Premium, therefore, should be used to close the gap between these students and is aimed to eradicate any disadvantage.

At Christ Church we have a high percentage of children known to be eligible for Pupil Premium (currently 34.7%).

Areas of spending

This report covers our last three years of Pupil Premium spending.

Our principles

Each child is treated as an individual and interventions are tracked on an individual basis. Each child is tracked rigorously and interventions are put in place in order to close any gaps. We have subdivided our interventions into different categories (page 5).

At Christ Church Junior School:

- We ensure that teaching and learning opportunities meet the needs of all of the pupils.
- We work hard to provide a quality learning experience and opportunities for as many pupils as possible
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- We track all vulnerable groups and use the data to provide intervention and support

- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged
- Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time.

As a parent, should you wish to discuss how the Pupil Premium is spent in greater detail please do not hesitate to contact us.

Notes

Pupil Premium for children who are looked after is held centrally by Kent County Council by the Virtual School and is used to support looked after students across the county with the greatest need. We are in receipt, currently, for only one child of men or women serving in the armed forces.

We have included salaries and costs at either 75% or 90% of costs as our focus is on need and not all our needs are eligible for Free School Meals. The percentages reflect the FSM proportion of the work as much as possible. Where whole school resources have been purchased 34% of the costs is allocated here as that is our FSM percentage.
